Elevated radon concentrations can easily be reduced by a qualified, certified, or licensed, if applicable, radon mitigator.

278. Every buyer of any interest in residential real property is notified that the property may present exposure to dangerous levels of indoor radon gas that may place occupants at risk of developing radon-induced lung cancer. Radon, a Class A human carcinogen, is the leading cause of lung cancer in nonsmokers and the second leading cause overall. The seller of any interest in residential real property is required to provide the buyer with any information on radon test results of the dwelling.

279. RADON IN REAL ESTATE: By signing this Statement, Buyer hereby acknowledges receipt of the Minnesota Department of Health's publication entitled Radon in Real Estate Transactions, which is attached hereto and can be found at www.health.state.mn.us/communities/environment/air/radon/radonre.html.

280. A seller who fails to disclose the information required under MN Statute 144.496, and is aware of material facts pertaining to radon concentrations in the Property, is liable to the Buyer. A buyer who is injured by a violation of MN Statute 144.496 may bring a civil action and recover damages and receive other equitable relief as determined by the court. 313. **N. NOTICES/OTHER DEFECTS/MATERIAL FACTS:** The following questions are to be answered to the best of
314. Seller's knowledge.

315. **Notices:** Seller HAS HAS NOT received a notice regarding **any** proposed improvement project from **any**
------(Check one.)-----

316. assessing authorities, the costs of which project may be assessed against the Property. If "HAS," please attach
317. and/or explain: _____

318. _____
319. **Other Defects/Material Facts:** Are there any other material facts that could adversely and significantly affect an
320. ordinary buyer's use or enjoyment of the Property or any intended use of the Property? Yes No

321. If "Yes," explain: _____

322. _____
323. **O. WATER INTRUSION AND MOLD GROWTH:** Studies have shown that various forms of water intrusion affect
324. many homes. Water intrusion may occur from exterior moisture entering the home and/or interior moisture
325. leaving the home.

326. Examples of exterior moisture sources may be:

- 327. • improper flashing around windows and doors,
- 328. • improper grading,
- 329. • flooding,
- 330. • roof leaks.

331. Examples of interior moisture sources may be:

- 332. • plumbing leaks,
- 333. • condensation (caused by indoor humidity that is too high or surfaces that are too cold),
- 334. • overflow from tubs, sinks, or toilets,
- 335. • firewood stored indoors,
- 336. • humidifier use,
- 337. • inadequate venting of kitchen and bath humidity,
- 338. • improper venting of clothes dryer exhaust outdoors (including electrical dryers),
- 339. • line-drying laundry indoors,
- 340. • houseplants—watering them can generate large amounts of moisture.

341. In addition to the possible structural damage water intrusion may do to the Property, water intrusion may also result
342. in the growth of mold, mildew, and other fungi. Mold growth may also cause structural damage to the Property.
343. Therefore, it is very important to detect and remediate water intrusion problems.

344. Fungi are present everywhere in our environment, both indoors and outdoors. Many molds are beneficial to
345. humans. However, molds have the ability to produce mycotoxins that may have a potential to cause serious
346. health problems, particularly in some immunocompromised individuals and people who have asthma or allergies
347. to mold.

348. To complicate matters, mold growth is often difficult to detect, as it frequently grows within the wall structure. If you
349. have a concern about water intrusion or the resulting mold/mildew/fungi growth, you may want to consider having the
350. Property inspected for moisture problems before entering into a purchase agreement or as a condition of your
351. purchase agreement. Such an analysis is particularly advisable if you observe staining or musty odors on the
352. Property.

353. **P. NOTICE REGARDING PREDATORY OFFENDER INFORMATION:** Information regarding the predatory
354. offender registry and persons registered with the predatory offender registry under MN Statue 243.166
355. may be obtained by contacting the local law enforcement offices in the community where the property
356. is located or the Minnesota Department of Corrections at (651) 361-7200, or from the Department of
